- The Virgin Partners Scheme (the "Scheme") is a discretionary benefit provided to employees of companies or groups of employees or individuals who are either: (1) involved in a joint venture with; or (2) suppliers or contractors to; or (3) partly owned by, a Virgin Group company; or (4) otherwise associated with the Virgin Group ("Eligible Persons"). The Scheme and the offers made available by participating companies may be modified or withdrawn at any time.
- Permanent full-time or part-time Eligible Persons who wish to participate in the Scheme are eligible to join after the length of service as specified by their employing company.
- The Scheme discount card (the 'Partners Card') issued as part of the Scheme remains the property of Virgin Management Limited at all times. As a condition of joining the Scheme, Eligible Persons agree to return the Partners Card to their HR Department or Department Manager upon termination of their employment for whatever reason.
- The Scheme is intended solely for the personal use of Eligible Persons and is only available to immediate family, dependants or partners where specified in the current Scheme discount details.
- The Scheme may not be used for any kind of commercial or re-sale activity, and Partners Cards are personal and non-transferable; they may not be lent, sold or given to anyone else at any time.
- In the event of deliberate abuse of the discount privileges associated with the Scheme, individual cards will be withdrawn by the company employing the persons who abused the Scheme or directly by Virgin and participation terminated immediately. Under no circumstances will the fee be refunded.
- Virgin does not accept any liability whatsoever for any failure or omission by the third party supplier of goods/services in the Scheme; any claims by participating companies or Eligible Persons must be brought directly against such third party supplier for whom Virgin acts as an agent, except where such failure or omission is a direct consequence of Virgin's wilful misconduct or gross negligence.
